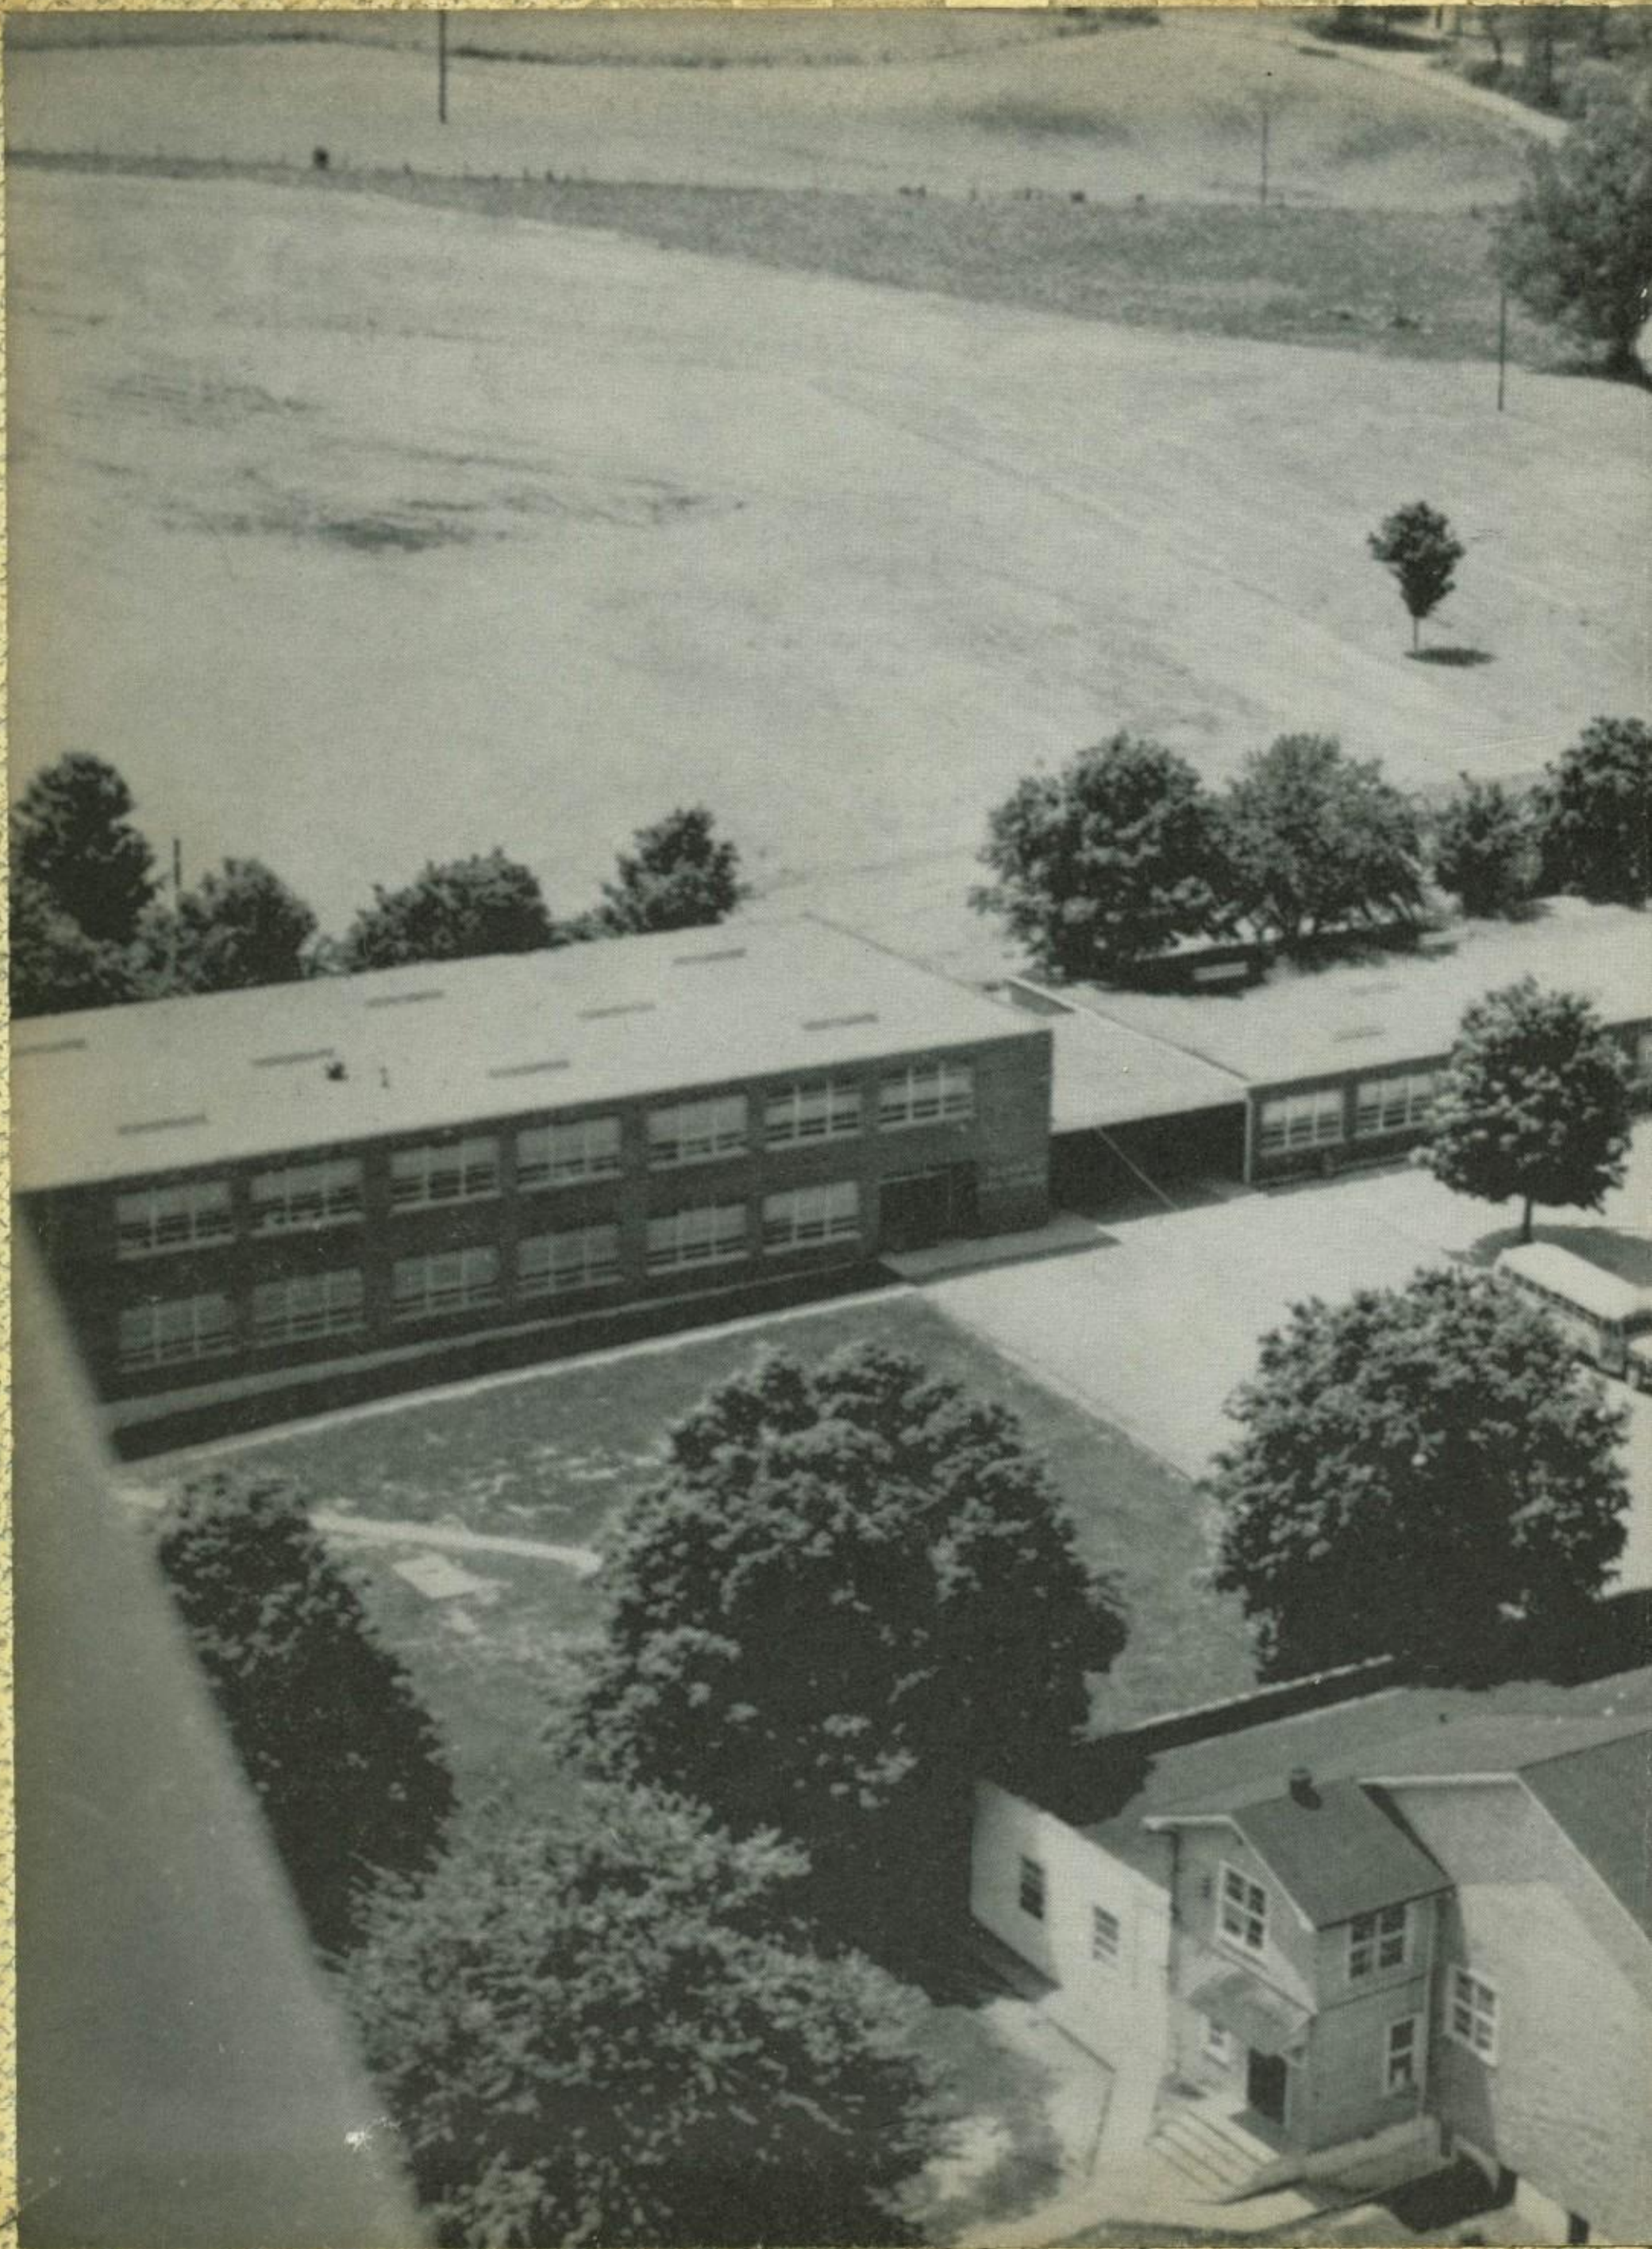
THE BEACON '59



Mike Speck
Senior Class
1958 - 59

"Reserved"

April 22, 1959

Dearest Mike,

Well, I finally got to write on your Annual.

Just think week after next you wont be here for a whole week. I don't know whether if I can stand that or not. But, I guess I had better be getting used to it. Since your not going to be at school next year.

There are a lot of things that I could say but, I don't guess I had better put them in here.

Only five more weeks of school, four for you. In a way I will be glad. Wish it was my year. - No! -

You behave yourself when you are on your trip. I know you will. I think I can. Although you know how mean I am.

Im sorry for changing ink on pens so much. I know that you will forgive me.

Good Luck in all your try to do. May all your dreams come true. I know that they will. I think. I Love you

Sue.

FOREWORD

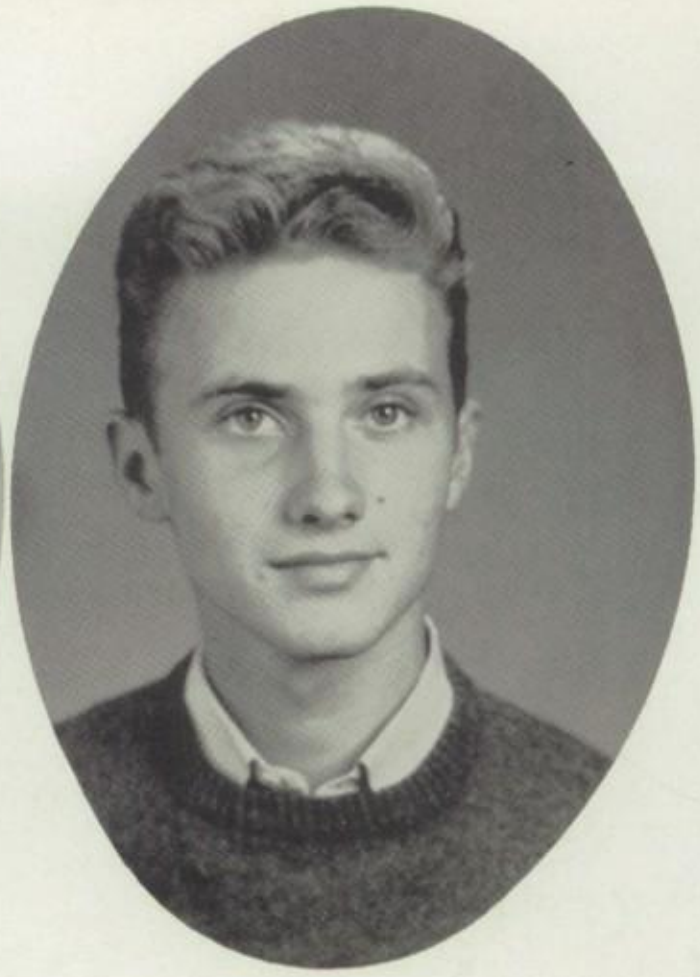
Editor



WARREN TUNSTALL
Editor

The Glendale High School Seniors are delighted to present the 1959 edition of the "Beacon." Our purpose is to please the entire student body for whom this annual is published.

This volume of the Beacon is presented with the sincere and humble hope that the photographs and comments will serve to refresh memories of your days at Glendale.

We should like to take this opportunity to express our appreciation to all of those who have so generously contributed to this publication.

DEDICATION

ARLEY WHEELER

VANDA OWEN

It is with a feeling of profound respect and admiration that we dedicate the '59 Beacon to Miss Arley Wheeler, our senior sponsor, and to Miss Vanda Owen, our commercial teacher.

Their straight-forward manner, their sincere interest in people, and their natural friendliness adds much to the ever-growing prestige of Glendale High School.

These friends have earned the confidence of all with whom they are affiliated. We believe that we would not be as well prepared to assume our responsibilities without having their unfailing guidance.

PRINCIPAL'S MESSAGE

DAMON RAY

This great year of 1958-59 with its new discoveries and knowledge has been a challenge to all young people. Our boys and girls realize that if they are to contribute much to civilization they need to be educated.

Education does not come about by the efforts of a few, but rather by the concerted efforts of many persons united for the cause.

I want to thank all the parents and patrons of the Glendale Community for their efforts and cooperation.

Nothing in our world is static, we either go forward or backward, and we hope this year has gone forward.
